

Technical overview

JURA Standards

Variable brewing unit	5 to 16g
Intelligent Pre-Brew Aroma System (I.P.B.A.S.©)	■
Intelligent preheating	■
Active bean monitoring	■
Energy Save Mode (E.S.M.©) 2 levels	■
3 High-performance Pumps	15 bar
Thermoblock heating system	3
Parallel fluid systems	2
CLARIS filter CLARIS Pro Blue or external Filter for X8c	■
Monitored drip tray	■
Maintenance status display	■
Integrated rinsing, cleaning and descaling programme	■
Adjustable water hardness	■
JURA hygiene: TÜV-certified	■
Swiss made	■

Specific benefits

Latte macchiato at the touch of a button	1 or 2
Speed Function	■
Customisable product names	■
Caffè latte at the touch of a button	1 or 2
Cappuccino at the touch of a button	1 or 2
Pot of espresso-quality coffee	■
No. of individually programmable specialities	29
Milk or milk foam preparation selectable via electrically controlled air intake	■
JURA fine foam technology	■
Electrically adjustable ceramic disc grinders	■
Power hot water system	0.5 l/min
Powder recognition for second, ground coffee	■
Indicator light for bean container	■
A la carte bean selection	■
TÜV certificate for user-friendly user manual	■

Accessories

Cup warmer	optional
Compressor Cooler Pro	optional
Coffee grounds disposal set	optional
Drip drain set	optional
MDB interface unit	optional

Setting and programming options

Programmable amount of water	■
Amount of water can be adjusted for each preparation	■
Programmable coffee strength	5 levels
Coffee strength can be adjusted for each preparation	■
Programmable brewing temperature	3 levels
Programmable amount of milk	■
Programmable hot water temperature	3 levels
Rotary Switch for intuitive navigation	■
Programmable preparation buttons	■

Design and materials

Alu Frame Design© 3 mm aluminium front	■
TFT colour display	■
Venti Ports	■
Height-adjustable dual spout	70 – 159 mm
Width-adjustable dual spout	20 – 50 mm
Height-adjustable hot-water spout	69 – 165 mm
Amber cup illumination	■
White cup illumination	■
Sound design	■

In figures

Water Tank Capacity (or fix Water)	5.0 L
Coffee grounds container	approx. 40
Bean containers with cover	2 x 650 g
Cable length	approx. 1.1 m
Voltage	220 – 240 V AC, 50/60 Hz
Power	2,300 W
Weight	~ 22 kg
Dimensions (W x H x D) GIGA X8	37 x 56.5 x 49.7 cm
Dimensions (W x H x D) GIGA X8c	32 x 56.5 x 49.7 cm
Article No. Tank Version	13742
Article No. Fix Water Connection	13724

PROFESSIONAL

SWISS MADE

The speedy professional coffee machine

The high-performance GIGA X8 Professional with its elegant finish comes with a unique speed function, allowing it to prepare perfect coffee in record time. The optimally extracted coffee is mixed with hot water inside the machine by means of an extra bypass. Absolutely no flavour is lost during the process. When coffee is overextracted, the finished product will contain a higher proportion of unpleasant acidic and bitter components. The speed function and time-saving, intuitive operation make the GIGA X8 Professional ideal for use in catering. If you need a coffee machine that works efficiently and continuously throughout the day, we recommend the compact solution with direct permanent water connection.

Technologies

The extra hot water capacity provided by the third thermoblock is essential to the machine's efficiency, enabling it to brew the perfect coffee at record speed. The hot water is added to the freshly brewed coffee through a bypass line and the two are mixed inside the machine. The speed function can be adapted to suit specific requirements. 29 different products, as well as the start screen, can be individually programmed to suit the occasion or customer. For instance, products can be renamed and arranged to the user's liking on the display. Two ceramic disc grinders guarantee quick, precise and even grinding for many years to come and cut previous grinding times by 75%.

Cleaning/Hygiene

The machine is designed to be easily operated and programmed, but also very easy to care for. The integrated rinsing, cleaning and descaling programmes reduce the effort involved to a minimum and guarantee TÜV-certified hygiene.

Customising

With a wide selection of accessories including a cup warmer, milk cooler, coffee grounds disposal function set, drip drain set and interface for accounting systems, as well as an attractive range of storage and presentation units, it is possible to create a complete coffee solution tailored to your specific requirements.
